The People of the State of California ("the People"), by and through Kamala D. Harris, Attorney General, allege as follows:

1

2

The People bring this action to hold Corinthian Colleges, Inc. and its subsidiaries
 that operate Heald, Everest and Wyotech schools (collectively "CCI") accountable for violating
 California law by misrepresenting job placement rates to students, misrepresenting job placement
 rates to investors, advertising for programs that it does not offer, unlawfully using military seals
 in advertising, and inserting unlawful clauses into enrollment agreements that purport to bar any
 and all claims by students.

9 2. CCI is engaging in these unlawful, unfair, and fraudulent practices in connection 10 with the sale of programs that are very expensive. For example, Heald College in San Francisco 11 charges \$39,510 in tuition and fees and \$3,500 in books and supplies for an Associate of Applied 12 Science degree in Medical Assisting; Everest College in City of Industry charges \$38,341 in 13 tuition and fees and \$4,339 in books and supplies for its Criminal Justice Associate's degree; 14 Wyotech in Long Beach charges \$35,000 in tuition and fees and \$2,000 in books and supplies for 15 an Automotive Technology with Applied Service Management Associate's degree; and Everest 16 University Online's Brandon Campus charges \$68,800 in tuition for an online Bachelor's degree 17 in "Paralegal."

18 3. CCI is selling these expensive programs to students throughout California, many 19 of whom head single parent families and have annual incomes that are near the federal poverty line (\$19,530 for a three-person household). CCI targets this demographic, which it describes in 20 21 internal company documents as composed of "isolated," "impatient," individuals with "low self-22 esteem," who have "few people in their lives who care about them" and who are "stuck" and 23 "unable to see and plan well for future," through aggressive and persistent internet and 24 telemarketing campaigns and through television ads on daytime shows like Jerry Springer and 25 Maury Povich.

4. CCI's unlawful, unfair, and fraudulent practices are all the more egregious in light
of the fact that its Everest campuses are subject to a permanent injunction secured by the People
in 2007 that bars many of the practices at issue.

5. The People respectfully request that this Court use its equitable and legal authority to permanently end CCI's unlawful, unfair, and fraudulent practices.

## JURISDICTION AND VENUE

40. This Court has original jurisdiction over this action pursuant to California Constitution article 6, section 10. 41. This Court has jurisdiction over Defendants because each Defendant's principal
 place of business is in California or each Defendant otherwise intentionally avails itself of the

 consistent with traditional notions of fair play and substantial justice.

5 42. The violations of law alleged in this Complaint occurred in the City and County of
6 San Francisco and elsewhere throughout California.

43. Venue is proper in this Court pursuant to Code of Civil Procedure section 395.5
because Heald College, LLC's principal place of business is in the City and County of San
Francisco.

44. Venue is also proper in this Court pursuant to Code of Civil Procedure section 393,
subdivision (a) because violations of law that occurred in the City and County of San Francisco
are a "part of the cause" upon which the People seek the recovery of penalties imposed by statute.

45. Venue for the People's cause of action against Corinthian Schools, Inc. is proper in
San Francisco pursuant to Business and Professions Code sections 17207, subdivision (b) and
17535.5, subdivision (b) because, as more particularly alleged herein, violations of the final

## DEFENDANTS' REPRESENTATIONS AND BUSINESS PRACTICES

CCI operates nationally and regionally accredited schools throughout California
 and online. The schools include Everest Colleges, Everest University, Everest College Phoenix,
 Heald Colleges, and Wyotech.

22

## Misrepresenting Job Placement Rates to Students

47. From a date unknown to the People and continuing to the present, CCI's
representations and advertisements related to job placement were untrue, misleading, or both. For
example, the data in the disclosures published on or about July 1, 2012 for all campuses in
California and online campuses does not match or agree with the data in CCI's own database
systems and/or in student files. In numerous cases, the placement rate data in CCI's files shows
that the placement rate is lower than the advertised rate.

48. CCI's marketing studies show that student "[e]nrollment largely hinges on selling
 affordability & [job] placement." As Bob Bosic, Corinthian Colleges, Inc.'s Executive Vice
 President of Operations, stated: "Our students come to us primarily to gain skills and find a
 position that will help them launch a successful career."

5 6

7

8

28

49. To help sell its programs to prospective students, CCI issues standardized disclosures for each campus related to job placement. The disclosures contain placement rates for each program. The consumer disclosures are published online and provided to students in hard copy as part of the enrollment process.

50. The placement rates published by CCI are at times as high as 100 percent, leading
prospective students to believe that if they graduate they will get a job. These placement rates are
false and not supported by the data. In some cases there is no evidence that a single student in a
program obtained a job during the time frame specified in the disclosures.

13 51. These violations are all the more egregious given senior CCI executives' firsthand
 14 knowledge of the misconduct. More specifically, CCI management knew that CCI had a
 15 placement compliance problem:

16 (a) On or about September 23, 2011, CCI's CEO, Jack Massimino, e-mailed a
17 presentation that was to be read by the ELT [Executive Leadership Team] in
18 advance of an offsite meeting. One of the slides stated: "We have a placement
19 compliance problem now."

20 (b) On or about December 7, 2011, the Accrediting Commission of Career 21 Schools and Colleges (ACCSC) sent a letter to the Campus President of Everest 22 College Hayward noting that "39 of the 167 [medical assistant] students reported 23 as employed in field were employed by the same agency, Select Staffing" and that 24 the documentation provided by Everest "did not clearly demonstrate that the 25 employment at Select Staffing constitutes sustainable employment in a related 26 field." In response, Everest College Hayward admitted that the positions were 27 health screening fair positions but stated that the positions were valid placements.

1 On or about June 6, 2012, ACCSC sent a follow-up letter to the Campus President, 2 noting that "the majority of placements with Select Staffing resulted in two days of 3 employment and did not clearly demonstrate that the employment at Select 4 Staffing constitutes 'sustainable' employment for a reasonable period of time in a 5 field related to the graduate's educational program." 6 On or about February 10, 2012, CCI's Western Division President, (c) 7 Nicole Carnagey, e-mailed the Executive Vice President of Operations, Bob Bosic, 8 to tell him that in 2011 Everest College Hayward and Everest College San 9 Francisco paid a temporary agency, Remedy Temp, "to place students to meet the accreditation deadline and minimum placement %." Bosic responded, asking her 10 11 to find the answers to numerous questions regarding the placements and noted 12 "This is the [expletive omitted] that got [Everest College] Decatur in trouble and 13 the types of questions that need answering." On or about March 20, 2012, An Everest College San Francisco internal 14 (d) 15 audit showing that 53 percent of student placement files reviewed were missing employment verification forms was emailed to the CEO, Jack Massimino, and 16 other senior executives. 17 18 On or about April 13, 2012, an Everest Online internal audit presentation (e) 19 emailed to David Poldoian, Executive Vice President of Corinthian Colleges, 20 Inc.'s Online Learning Division, showed a placement file error rate of 53.6 percent 21 to 70.6 percent. 22 (f) On or about April 27, 2012, CCI's Executive Vice President of 23 Operations, Bob Bosic e-mailed all division presidents and stated "the placement 24 verification issues we discussed Monday were shared over the last two days and 25 were not well received. We will discuss Monday, but together we'll need to 26 demonstrate improvement. I will be interested in your thoughts on how we can 27 tighten this up so future audits reflect greater accuracy and completion of 28 documents." 11 COMPLAINT FOR CIVIL PENALTIES, PERMANENT INJUNCTION AND OTHER RELIEF

1 On or about May 12, 2012, CCI's Executive Vice President of Operations, (g) Bob Bosic, e-mailed the Chief Administrative Officer Ken Ord and Carmella 2 3 Cassetta, Senior Vice President and President, Online Learning a copy of a 4 presentation regarding placements which stated "No current guidelines and training to define a placement - mistakes are repeated constantly because no clear 5 definition of a placement exists;" and "inconsistent processes on what passes as in-6 7 field or related [placement]." On or about May 18, 2012, CCI's Western Division President, Nicole 8 (h) Carnagey and Executive Vice President of Operations, Bob Bosic exchanged e-9 mails regarding the Renton, Washington Everest campus's failure of an internal 10 audit due to backdating of signatures on placement files. The e-mails discussed 11 how Everest College Gardena (in California) "almost got hit" as well and saying 12 13 that "If the current RVPO [Regional Vice President of Operations] was there she would have been in a world of [expletive omitted]." The Executive Vice President, 14 15 Bob Bosic also told the Western Division President, Nicole Carnagey that "you 16 are correct that all the other campuses in yours and other divisions that made it 17 through [verification audits] this time are lucky." 18 (i) On or about June 14, 2012, CCI's Executive Vice President of Operations, 19 Bob Bosic, e-mailed the CEO, Jack Massimino, regarding the findings of an 20 internal review of placement procedures and stated that the review found that there 21 was a "Lack of workable definitions for a Placement" and that the lack of specific definitions resulted "in subjective decisions at all levels;" that there "is no 22 23 consistent process for Placement (or other areas of Career Services) and lack of SOP's [Standard Operating Procedures];" that there "is generally no training at the 24 process level for Placement (since there is no standard process);" and that 25 26 "Campus Vue [CCI's data management system] is not fully utilized [which] 27 [1]eads to poor data or lack of data availability as well as duplication of data across 28 forms and the Placement Verification system." 12 COMPLAINT FOR CIVIL PENALTIES, PERMANENT INJUNCTION

(i) On or about July 13, 2012, CCI's Vice President of Compliance, Michelle 1 2 Reed e-mailed Beth Wilson, Executive Vice President, regarding results of a 3 review of Wyotech Long Beach self-employment placements. The review showed 4 that the files for 28 of 74 such placements had missing documents, or included 5 Craigslist ads that purported to be from the students in question, but that had in fact been created by CCI. An additional 15 files were suspicious. Despite these 6 7 known irregularities, as of 8/12/2013, the Long Beach disclosures (published on 8 7/1/2012) had not been amended to take into account the audit's findings. 9 (k) On or about July 16, 2012, CCI's Assistant Vice President of Student 10 Outcomes e-mailed Division Presidents regarding Career Services Operating 11 Procedures, with a copy to the Executive Vice President of Operations. The 12 emails stated that, "[o]ver the past year, several campuses have had challenges 13 providing adequate documentation for placements and waivers [emphasis in 14 original]. Issues that have surfaced during audits and Employment Verification 15 reviews are missing key fields such as signatures, inconsistencies with 16 CampusVue / other backup and in some cases, documentation that was never 17 procured or cannot be found." 18 (1)On or about August 28, 2012, the results of a third-party audit conducted 19 by Hyper Core solutions on behalf of an accreditor, ACCSC, were e-mailed to 20 CCI's Executive Vice President and Chief Academic Officer. The review, which 21 examined a random sample of 330 student records showed substantial issues at 22 each CCI campus examined (Everest campuses including West Los Angeles, City 23 of Industry and Reseda). In particular, the review found that 30 percent of the 24 placements could not be verified and that there were no records to substantiate a 25 further 9 percent of the placements. At Everest College West Los Angeles, only 26 30 percent of criminal justice program placements could be verified and 20 percent 27 were identified as no record found. At the same campus, only 36 percent of dental 28 13

-	COMPLAINT FOR CIVIL PENALTIES, PERMANENT INJUNCTION AND OTHER RELIEF			

On or about January 24, 2013, Corinthian Colleges, Inc. incorporated its 1 (c) 2 Annual Report (and the 68.1 percent job placement number) into a Registration 3 Statement (Form S-8) for its Employee Stock Purchase Plan. 4 (d) On or about January 31, 2013, March 11, 2013 and April 30, 2013, 5 Corinthian Colleges, Inc.'s CEO made a presentation to investors that 33,316 of 48,930 eligible graduates in the 2011 graduation cohort were "placed in field." 6 7 On or about January 31, 2013, Corinthian Colleges, Inc.'s CEO stated in a (e) 8 call with investors that: "In the area of placement, we continue to achieve solid 9 results for the 2012 cohort graduates. We currently expect our calendar 2012 10 placement rate to meet or slightly exceed our placement rate in calendar 2011, which was 68.1%." 11 12 (f) On or about March 11, 2013, Corinthian Colleges, Inc.'s CEO stated: 13 "This is just a quick slide on information we've given you over the years around 14 graduation and placement. And one of the things we're pretty proud of is in a 15 pretty difficult time, we have done a pretty remarkable job in terms of placement. 16 We have over 800 placement people in our organization today helping our students 17 get jobs in the areas we trained them for. We're very tight on our definitions. And 18 so if you're a medical assistant, for example, with us and you get a job at a doctor's 19 or the hospital, those count. If you get a job as an aide in a nursing home, that 20 does not count even though you're making \$10 to \$12 an hour. So we're very tight 21 on our definitions around what is and what isn't included in our placements. We've 22 been averaging over the course of this very difficult time up to around 68%, 69%, 23 and we're about there again this year." 24 54. The statements concerning the 2011 graduation cohort were false when made and 25 CCI senior executives knew they were false. In fact, CCI's own data and files suggest that the 26 actual rate is much lower and has been subject to manipulations and assumptions not disclosed to 27 investors, included but not limited to: 28 15 COMPLAINT FOR CIVIL PENALTIES, PERMANENT INJUNCTION AND OTHER RELIEF

1	(a) On or about July 31, 2012, Beth Wilson Executive Vice President of CCI		
2	instructed her team to exclude 2011 graduates from what she deemed "Closed		
3	Schools" including Fife, Washington, Chicago, Illinois, Ft. Lauderdale, Florida,		
4	Decatur, Georgia and Arlington, Texas from the calculation to bring the placement		
5	rate higher. This adjustment was not disclosed to investors.		
6	(b) The data used by CCI to generate the placement rate included a substantial		
7	number of placements that occurred outside the time frame specified by the		
8	disclosures.		
9	(c) The data used by CCI to generate the placement rate included a substantial		
10	number of double-counted placements.		
11	(d) On or about November 16, 2012 (nearly three months after the disclosure		
12	of the 68.1 percent placement rate in the annual report), Michelle Reed, Vice		
13	President of Compliance, emailed a spreadsheet showing that a substantial number		
14	of placements and waivers for the 2011 graduation cohort had still not been		
15	verified.		
16	55. Corinthian Colleges, Inc.'s CEO and/or senior management were, at all relevant		
17	times, aware of the falsity, inaccuracy, and unreliability of job placement data and the statements		
18	they made concerning the data, yet they did not disclose that fact to consumers or investors, or		
19	take any action to make consumer disclosures and statements to investors accurate.		
20	56. Written illustrations of this knowledge include, but are not limited to, the		
21	allegations set forth in Paragraph 51 above. They demonstrate that Corinthian Colleges, Inc.'s		
22	CEO and/or senior management knew all of the following at the time the placement		
23	representations concerning the 2011 graduates were made to investors: (1) CCI had a placement		
24	compliance problem; (2) two CCI schools paid temporary agencies to employ graduates; (3)		
25	audits at CCI programs showed that over half of the placement files were missing; (4) there were		
26	company-wide placement verification issues, including a lack of any definitions or standard		
27	procedures; (5) placement files at one CCI campus were backdated; (6) self-employment files		
28	were being fabricated at one CCI campus; (7) campuses were not providing adequate or accurate 16		
	COMPLAINT FOR CIVIL PENALTIES, PERMANENT INJUNCTION		

COMPLAINT FOR CIVIL PENALTIES, PERMANENT INJUNCTION AND OTHER RELIEF documentation; and (8) a third-party review ordered by ACCSC of 330 randomly selected files
 found that 39 percent of placements could not be verified.

57. Despite senior management's knowledge that the statements they made in securities filings and to investors were false and/or materially misleading, none of the false representations were amended and/or restated by Corinthian Colleges, Inc. Instead, as alleged herein, senior management continued to repeat and reinforce the false representations and make new ones. For example, CCI's CEO's knowingly false statement that CCI was "tight" on its definitions of what constitutes a placement.

58. The misstatements concerning the placement rate are material to investors because
a reasonable investor would consider the rate important in reaching an investment decision. For
example, CCI's CEO considers the job placement rate to be "the most important metric in the
company." It is material to investors for several reasons related directly to Corinthian Colleges,
Inc.'s ability to access government funds and enroll students;

14

15

16

17

27

28

(a) First, as discussed above, placement drives enrollment. The companywide graduate placement rate is an important measure of its ability to attract and enroll new students. A poor or unmarketable placement rate therefore leads to fewer enrollments and less revenue.

18 (b) Second, the majority of CCI's campuses are accredited by the Accrediting 19 Commission of Career Schools and Colleges (ACCSC) and/or the Accrediting 20 Council for Independent Colleges and Schools (ACICS). Both accreditors require 21 schools to meet minimum placement rates by school and by program. The ACCSC 22 "Established Benchmark Employment Rate" is 70 percent and the ACICS standard 23 is 65 percent. Where CCI's job placement rate as a company falls relative to the 24 65 and 70 percent requirements set by ACCSC and ACICS is therefore indicative 25 of CCI's ability to keep its campuses accredited and, relatedly, its ability to access 26 federal funds.

(c) *Third*, if graduates cannot find work, they are likely to default on their loans, including subprime loans for which CCI bears the risk of default. The job  $\frac{17}{17}$ 

placement rate is also important to the cohort default rate (CDR), a measure used 1 2 by the Federal Department of Education and the California Student Aid 3 Commission. For example, in California schools must keep their CDR rate below 4 15.5 percent to draw Cal Grant funds. 5 Fourth, CCI faces a substantial risk that its access to federal funds, which (d) 6 account for almost all of its revenue, will be tied to how well its graduates perform 7 in the job market. Specifically, the Federal Department of Education recently 8 announced the establishment of a negotiated rulemaking committee to establish 9 gainful employment regulations which will govern CCI's access to federal funds. 10 59. Moreover, CCI's strategy is to close or sell campuses that are not meeting 11 placement outcomes. This strategy is reflected in a May 5, 2012 e-mail exchange between the 12 Executive Vice President of Operations, Bob Bosic, and the Division President of Wyotech 13 Michael Stiglich, referring to job placement metrics. Securities analyst reports concerning CCI 14 demonstrate that the market is aware of and concerned about CCI's strategy of closing 15 underperforming schools. 16 Advertising for Programs that CCI Does Not Offer 17 60. Heald, Corinthian Schools, Inc., and Corinthian Colleges, Inc. do not offer 18 ultrasound technician programs, x-ray technician programs, radiology technician programs or 19 dialysis technician programs in California. 20 61. Despite this fact, from a date unknown to the People and continuing to the present, 21 Heald, Corinthian Schools, Inc., and Corinthian Colleges, Inc. have nevertheless run millions of 22 online and mobile ads stating that they do offer ultrasound technician, x-ray technician, radiology 23 technician or dialysis technician programs, certificates, diplomas, or degrees at their California 24 campuses. Illustrative examples are attached as Exhibit A hereto. 25 62. Consumers are routinely tricked by these ads into entering their information to be 26 contacted by Heald, Corinthian Schools, Inc., and Corinthian Colleges, Inc. on the internet or 27 into contacting Heald, Corinthian Schools, Inc., and Corinthian Colleges, Inc. directly. 28 18

In some cases, a Heald, Corinthian Schools, Inc., or Corinthian Colleges, Inc.
 representative convinces the consumer to visit the campus without ever disclosing that the
 program is not offered, while in other cases the Heald, Corinthian Schools, Inc., and Corinthian
 Colleges, Inc. representative pressures the prospective student into considering a different
 program that is offered by Corinthian Colleges, Inc.

6 64. The fact that these false ads mislead students is known by Heald, Corinthian
7 Schools, Inc., and Corinthian Colleges, Inc. Call center employees who try to tell prospective
8 students the truth are disciplined by CCI managers.

9

## **Unlawfully Using Military Seals In Advertising**

10 65. From a date unknown to the People and continuing to the present, Heald and
11 Corinthian Colleges, Inc. included the official seals of the United States Department of the Army,
12 the United States Department of the Navy, the United States Department of the Air Force, the
13 United States Marine Corps, and the United States Coast Guard in mailings, electronic messages,
14 and Internet Web sites to solicit information, or to solicit the purchase of or payment for a product
15 or service.

16 66. The seals and related content were used in a manner that reasonably could be
17 interpreted or construed as implying federal government connection, approval, or endorsement.

18 67. For example, the seals were prominently displayed on Healdmilitary.com until
19 recently and they continue to be prominently displayed in online ads run by Heald, an example of
20 which is attached hereto as Exhibit B.

68. Heald and Corinthian Colleges, Inc. have no expressed connection with or
approval by the United States Department of the Army, the United States Department of the Navy,
the United States Department of the Air Force, the United States Marine Corps and the United
States Coast Guard.

69. Heald and Corinthian Colleges, Inc. have never included the statutory disclaimers
indicated by Business & Professions Code section 17533.6 on any mailings, electronic messages,
and internet websites containing the seals of the United States Department of the Army, the

28

United States Department of the Navy, the United States Department of the Air Force, the United
 States Marine Corps, or the United States Coast Guard.

## **Inserting Unlawful Clauses into Enrollment Agreements**

70. CCI enrollment agreements contain language that violates Civil Code section 1770, subdivision a, paragraph 14, because they purports to confer rights and remedies on CCI that are expressly prohibited by law. The agreements contain clauses that are substantially identical to the following language:

8 GENERAL RELEASE OF CLAIMS. I hereby release and hold 9 this School harmless from and against any and all claims of any kind whatsoever, including allegations related to needle sticks, 10 11 allied health and automotive practice and techniques, slips and falls 12 and quality of equipment and instruction, (collectively, "Claims"), 13 against the School (including its present and former parent 14 companies, insurers, representatives and all persons acting by or 15 through them), which I may have for any reason arising out of or 16 relating to my education. I am aware of the risks involved with my 17 education and knowingly assume those risks following my 18 investigation into possible injuries and the nature and quality of my 19 education. I further agree that if I bring any Claim against the 20 School, I shall reimburse the School for its attorney's fees and costs 21 incurred as a result thereof. I may opt out of this general release of 22 Claims provision by delivering a written statement to that effect 23 received by the School within 30 days of my first execution of an 24 Enrollment Agreement with the School. 25 71. Because the clause claims that CCI is exempt from responsibility from "any and 26 all claims of any kind whatsoever" and therefore from its "own fraud, or willful injury to the

27 person or property of another, or violation of law, whether willful or negligent," it is per se

28 invalid under Civil Code section 1668.

1	72. Nevertheless, in violation of Civil Code section 1770, subdivision (a), CCI
2	continues to use the invalid clause to unlawfully represent that it has rights that it does not have
3	(e.g., the right to fees if sued), and/or that students have obligations they do not have (e.g., the
4	obligation to refrain from suing CCI under all circumstances).
